Why the 1010 Competition Matters

Agentic AI Momentum

Agentic AI is reshaping how organizations work and serve users.

Market Adoption

Practical competition proves both technical performance and real-world value.

Ecosystem Opportunity

The festival connects universities, developers, OPC communities and industry partners.

Competition Scope & Regional Reach

GLOBAL + REGIONAL
Countries · 10+
Universities · 80+

A hybrid competition delivered through regional ecosystems: a Singapore hub for Southeast Asia and global markets, and partner expansion across the Middle East, New Zealand, America and Australia.

GREATER BAY AREA

Cross-border innovation hub connecting universities, technology companies and industry partners.

ASEAN AREA

Regional hub in Singapore connecting universities, developers and industry partners across Southeast Asia.

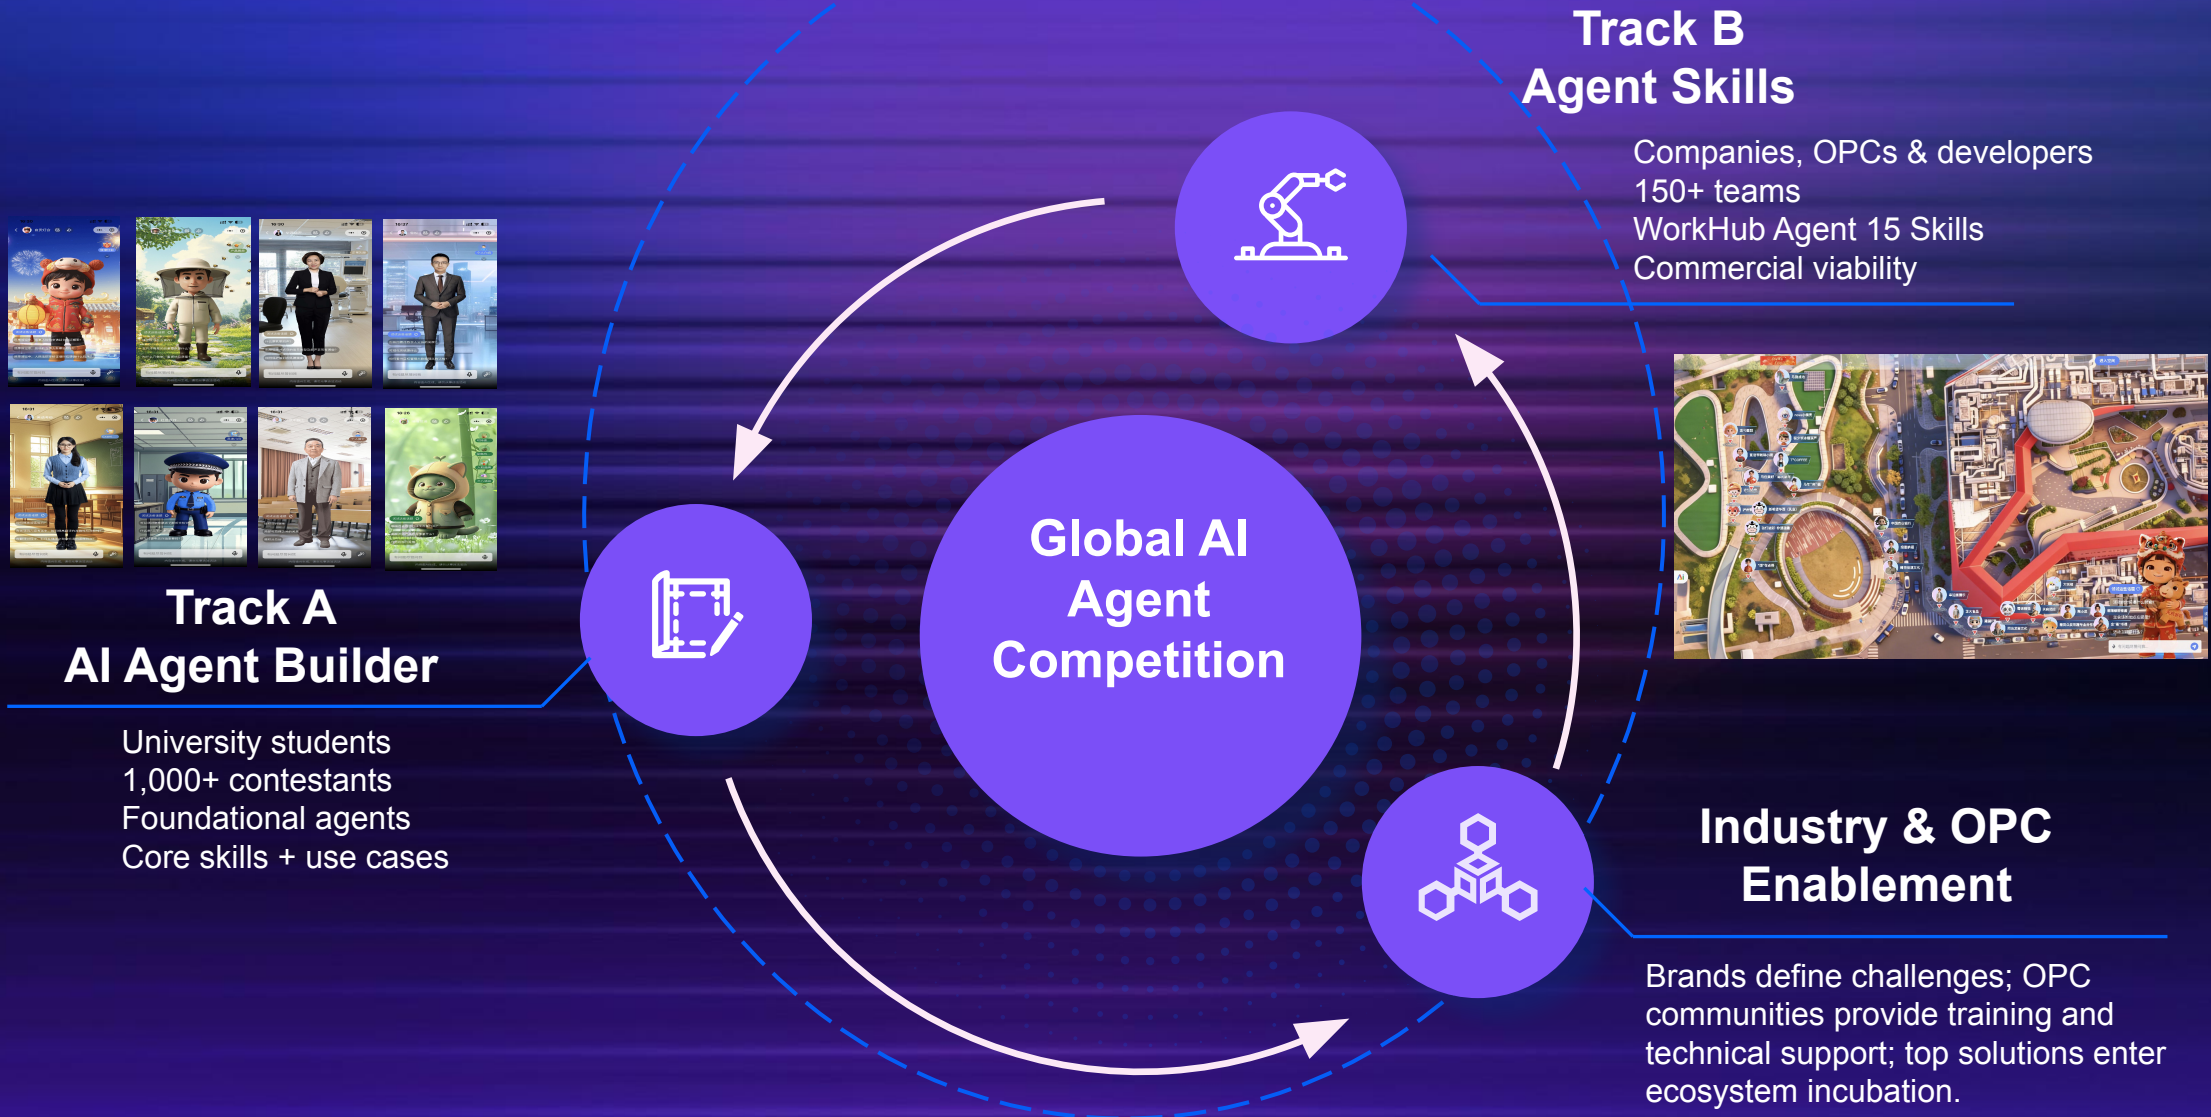

PACIFIC AREA

International network supporting university collaboration, developer engagement and market expansion.

Competition Ecosystem & Two-Track Structure

The competition connects university talent, industry challenges and OPC enablement to move high-potential projects toward deployment.

Track A: AI Agent Builder Challenge

Teams create **ONE SPACE** and **TEN AGENTS** on Wesome (<https://wesomeai.com/chat/>) and apply core capabilities to the following scenario.

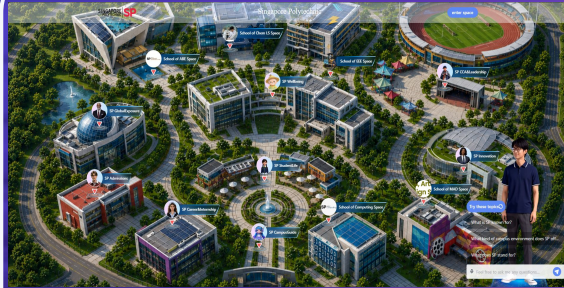

CULTURE, TOURISM & COMMERCE

Focus

- Cultural storytelling
- Destination guidance
- New retail

Integrated city services

exposure

Benefits:

- Dedicated Finals Exhibition Booth
- Global Competition Exposure
- Global Channel Lead Sharing
- Participation in Judging

Availability: 10 partners

SILVER

Target: Local SMEs and consumer brands

Benefits:

- AI Agent/Tool Showcase and Takeaway
- Direct Participation in Judging
- Product Promotion
- Business Lead Sharing

Availability: Unlimited

Participating Institutions

THE UNIVERSITY OF
MELBOURNE

TRƯỜNG CAO ĐẲNG
KHOA HỌC - CÔNG NGHỆ TP. HCM
HCMC COLLEGE OF SCIENCE AND TECHNOLOGY

YOUR JOURNEY

Overview of Competition Process - Four Steps to the Competition

01

JOIN THE SPACE

Click the link:
Asean Space:
<https://aseanspace.wesomeai.com/chat/space-room/>

Pacific Space:
<https://pacificspace.wesomeai.com/chat/space-room/>

02

CREATE AN AGENT

1. View the system-provided creation guidelines within the workspace
2. Complete the creation and configuration of the agent following the guidelines
3. Add the agent to this workspace after creation is finished

03

EXPLORE THE EVENT

Guide agent:
Include all competition-related information.

Agent build teacher: Include all information about Track A

Skills teacher: Include all information about Track B
